RE: Meteorological Tower
Installation and Core
Hole Drilling
Pending file
Wolf Den Project
Uintah County, Utah

Dear Ms. Wimbrow:

Thank you for your letter of June 21 relative to Geokinetics' plans to install a meteorological tower and drill some exploratory core holes.

We have no problems or real concerns regarding the tower installation, but we do have a definite interest in your proposed exploration activities. I have enclosed a copy of the Utah Mined Land Reclamation Act for your information. Rule M-3(5) on page 70 explains the Division's requirements involving exploration activities. Should you have any questions or require additional assistance, please don't hesitate to contact either myself, Tom Tetting, or Cy Young of my staff.

Sincerely,

JIM W. SMITH
COORDINATOR OF MINED LAND
DEVELOPMENT
